

BENTLEY BALANCE BIKE

BENTLEY

Officially
Licensed Product

The Bentley Balance Bike is manufactured in China under license from Bentley Motors Limited, England. "Bentley", the "B" in wings device and other associated logos and names are trademarks of Bentley Motors Limited. The body designs of Bentley motor cars are protected by Bentley Motors Limited under design, trademark and trade dress regulations. LICENSEE: EAST ACTION OVERSEAS LIM. CO.

Designed in Partnership with Bentley Motors Limited, the Bentley Balance Bike embodies the same meticulous attention to detail and unmistakable design that the brand is renowned for.

The Balance Bikes **magnesium frame** draws influence from the sleek lines of the iconic **Bentley Continental GT**, whilst the **diamond quilted handlebars** and **carbon fibre** inspired seat exude the luxury detailing found in the cars themselves.

Brake Disc have been incorporated into the overall design to ensure the safety and comfort for little cyclist, so they can ride with added confidence.

The Aluminum Wheel Rims are designed to withstand high degrees of curb weight whilst decreasing the overall mass of the balance bike.

Magnesium Frame is developed to be exceptionally strong yet lightweight. It can effectively support up to 35 kg of weight at only 650 gram itself.

The Faux Leather Seats on our bikes are fitted with a carbon pattern that provides the perfect combination of comfort and texture for enjoying the bikes all day long.

The Air Filled 12-inch Rubber Tyres add to the comfortable ride on uneven surfaces, and to the overall luxurious aesthetic.

The Ergonomically Adjustable Handlebar and Seat make these bikes the perfect ride as children grow into their use.
